

Interested in Joining?

Come and meet us. Attend a club meeting or a social event and meet the members. We will be delighted to show off our club to you and your partner.

Take a look at our website,

www.brickhillsrotary.co.uk

you will see that amongst the serious business of Rotary and helping the community, we have good and active social life too.

Call us on the dedicated number 07913 864 669 or email us

publicity@brickhillsrotary.co.uk

The Brickhills Rotary Club

NEW MODEL CLUB

The Brickhills Rotary club is a fine example of the experimental "new model" of Rotary clubs being pioneered by the organisation. Whilst retaining all the excellent aims and objects of the Rotary organisation, the new model Rotary clubs actively address the more exacting pace of life we all lead today.

The average age of the Brickhills Rotary club is 38 and the majority of the members have a young family. The gender split of the membership is almost equal females and males, couples forming over half of the members. We meet formally just once a month.

Some of the things we do:

Fund raising

We raise money for local causes and we lend a hand if there is a project needing our help.

We have painted rooms, cleared gardens and done many other jobs to make our mark and aid a project on its way to completion.

We raise money for local, national and international projects and we do this by running casino for other organisations or private parties. We have the kit and the experience to make this a fun and profitable venture. Call us for details

07913 864 669

Social activities

Our social committee arrange a full and varied program of activities for the members to participate in.

Activities such as a walks, picnics and outings may involve the whole family and other events such as debating evenings, kart racing and wine tasting are geared towards the members and their partners.

We also participate in events involving the Rotary clubs such as quiz nights and fund raising activities as well as the district and national conferences.

More activities

A family BBQ in a summer garden 2006. Our children playing swing ball.

A coffee morning for McMillan Cancer care in September.
